Council Letter No. 4189
Meeting Date: August 6, 2018

Mayor and City Commission
City of Ardmore, OK

RE: Adoption of the 2015 International Fuel Gas Code

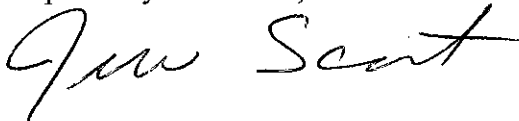

Dear Commission Members:

To coincide with the City's update of the unified Development Code, the City is reviewing and updating our Code of Ordinances. Presently the City has adopted the 2003 version of the International Fuel Gas Code. We would like to amend the City's Code of Ordinances to adopt the 2015 version of the International Fuel Gas Code.

The Oklahoma Unified Code Commission (OUBCC) adopts the State's Fire, Building and Life Safety Codes. Currently the OUBCC has adopted the 2015 version of the International Fuel Gas Code as the Oklahoma State Building Code. Our adoption of this code would bring the City in correlation with the State.

Recommendation: Staff recommends approval of the adoption of the 2015 International Fuel Gas Code amending Chapter 12, Section 9 of the City's Code of Ordinances.

Respectfully Submitted,
