Information Technology Department

Council Letter No. 5509  
Meeting Date: September 6th, 2022

Mayor and City Commission  
City of Ardmore, Oklahoma

RE: Agreement Renewal - Hosting Services for City Works & GIS Application with New Edge Services

Dear Commission Members:

The City of Ardmore entered into our first agreement with New Edge Services, LLC in the 14/15 fiscal year for hosting services for the City Works application. This will be our 8<sup>th</sup> year of hosting. The APWA utilizes the application that is hosted by New Edge Services to maintain inventory, infrastructure and our work order system. Community Development uses the application to assist with building permits and code enforcement. Having this hosted allows us to extended use of the application outside of our network and puts the maintenance and upgrades on New Edge to maintain.

The City also moved our Enterprise GIS to the cloud last year. Having this hosted allows us extended use of the application outside of our network and puts the maintenance and upgrades on New Edge to maintain. This was started last fiscal year.

It is staff's recommendation that the City approve the agreement renewal to continue all hosting services with New Edge Services, LLC in the amount of \$54,000.00. \$29,000 will be charged to APWA account # 56-5315-2095. The GIS Hosting fee of 25,000.00 will be charged to 01-5125-2095. This is a budgeted item in the 22/23 fiscal year and the contract last year was approved by Legal.

Respectfully submitted,

Dr. Robert Newell  
Chief Information Officer
