FOR IMMEDIATE RELEASE

Thief Takes Car Wash Terminal

On Wednesday, April 1, 2009, at approximately 5:45am, an unknown individual forcibly removed the car wash control terminal from a gas station in the 2500 block of Southwest Broadway. The suspect took control of the console by wrapping a cable or strong rope around the device and pulling it out of the ground with his pickup truck. He then loaded it into the cargo area of the vehicle and fled the scene, heading in an unknown direction of travel. The device contained an undisclosed amount of cash. The estimated damage to the car wash facility is at least \$20,000.

The suspect vehicle is a Ford extended cab pickup, maroon in color and possibly an F-250 model or larger with large side mirrors. The suspect was captured on video both inside and outside the store, and appears to be a white male, 30-40 years of age, medium build with dark hair. He was wearing a green polo shirt, jeans, and white athletic shoes at the time of the incident, and appears to have had medium facial stubble or possibly a light goatee. He purchased a beverage and snack item inside the store before committing the crime at the attached car wash.

We are asking the public to look closely at the security photographs, and contact the Ardmore Police Department Investigative Services Division at 580-223-6952 if they have any information about this crime.

SUSPECT
