Re: Request to approve sole source purchase of an 18" APCO
CVS 6000 check valve

Dear Trustees:

Staff is requesting to purchase an 18" APCO CVS 6000 check valve for Lift Station B from Haynes Equipment Company in the amount of \$34,607.63. Haynes Equipment Company is the sole source for this valve in Oklahoma. This purchase will be funded from the Wastewater Treatment Plant's annual budget.

Staff recommends the approval to purchase an 18" APCO CVS 6000 check valve for Lift Station B from Haynes Equipment Company in the amount of \$34,607.63.

Sincerely,

Shawn Geurin, Utilities Director
